

## Hunt The Spy

Hidden around the site are various spies. They may be obvious or inconspicuous.

Your mission is to find a spy and repeat the following phrase:

**“Where does T keep his cup?”** If the person you have said this to is a spy, they will then reveal a letter of the alphabet to you. You must write this letter on your sheet.

The letters reveal another phrase for you to decode, which you must then relay back to camp.

Good Luck!!
